

February 6, 1974

meet right now.

PRESIDENT: Are there objections to withdrawing the motion? Any objections? Hearing none, so ordered. Senator Savage, for what purpose do you rise?

SENATOR SAVAGE: Well I just wanted to second Senator Burbach's idea that we ought to find out what the possibilities are that we are able to get into see the President. I think that Senator Proud should call Senator Curtis's office or somebody in Washington and find out if he will receive us.

PRESIDENT: Thank you Senator Savage. Senator Carpenter?

SENATOR CARPENTER: This is a matter of personal privilege, I will only take a very short period of time.

PRESIDENT: State your point.

SENATOR CARPENTER: I would say to Senator Snyder. I was one of the two that he was apparently referring to and I did that for the same reason that he said that I was playing politics, and he is playing politics because he never would have called the meeting unless he was running for the county commissioner of Douglas County. Anything we do here is political and he is no exception except he is not as good at it as most of us are.

PRESIDENT: Are there any other motions on the desk?

CLERK: Mr. President, Senator Richendifer asks unanimous consent to have printed in the journal amendments to LB763.

PRESIDENT: So ordered.

CLERK: Mr. President, your committee on Public Works to whom was referred LB643 instructs me to report the same of the Legislature recommendation be advanced to General File as amended, 654 General File as amended, 826 General File as amended. Signed Senator Kremer Chairman. Mr. President, I move for the introduction of the attached bill, Signed Senator Carpenter. (Read bill)

PRESIDENT: The Chair recognizes Senator Carpenter.

SENATOR CARPENTER: A point of order and I would make a motion. That we do nothing more this morning except to go to General File and attempt to pass from General File those in the category of non-controversial because there is nothing now on E & R for initial. So I so move.

PRESIDENT: Alright then Senator Carpenter are you then withdrawing your motion regarding your bill here then?

SENATOR CARPENTER: For the time being. Let's see, we have got to get some bills over and I am the worst defendant of the body probably.

PRESIDENT: Senator Carpenter, the Chair is under an obligation I think to follow the order of the business for today unless we suspend the rules to change that order. Would you let us just proceed here for a moment, we are about to get to General File anyway? Let me see what we can do. Alright now Senator Carpenter has asked unanimous consent to withdraw his motion to introduce a bill, all those in favor, are there any objections to his withdrawing his motion? Hearing none, so ordered then. That motion is withdrawn.

CLERK: Now Mr. President, I move for the introduction of the attached bill, Signed Senator Chambers. (Read bill)
